Musculoskeletal Injury (MSI) Prevention Week

September | 2011
18-24

This year, MSI Prevention Week turns **10**.

That's ten years of working together to raise awareness and prevent musculoskeletal injuries (MSIs) in our province. We've made progress over the last decade but still much work has to be done.

In 2010, MSIs still accounted for **66** per cent of all lost-time injuries in NL.

Our goal is **0**. Zero injuries, zero loss. Together we can make it happen.
